NEIGHBORHOOD REVITALIZATION

Our mission is to facilitate citywide effort to improve the “livability” of Gilroy neighborhoods by enabling residents to assist themselves through the creation of partnerships between the City and other community wide resources.

Our goal is to strengthen, promote, enhance, and preserve healthy neighborhoods through outreach, education, and resources.

- ◆ Provides a “single point of contact” to assist residents in resolving neighborhood issues.
- ◆ Provides guidance to Gilroy neighborhoods wishing to organize themselves to improve the quality of life within their neighborhoods.
- ◆ Provides information and resources to residents, helping them become effective problem solvers.
- ◆ Fosters the building of neighborhood community, identity and pride.
- ◆ Facilitates cooperation between residents, absentee landlords, local apartment owners, schools, businesses, faith-based organizations, community-based agencies, non-profit agencies, and city departments to preserve or improve neighborhoods.
- ◆ Police staff participates at community meetings to promote the Community Policing philosophy fostering leadership within neighborhoods.
