COUNCIL AND LABOR GROUPS WORKING TOWARD BUDGET REDUCTIONS

GILROY – The Gilroy City Council met with City negotiating team representatives in closed session last night to review proposals for budget reductions offered by each of the City's four labor organizations. The Council appreciates the proposals from the bargaining groups. The Council remains committed to working with the labor units to balance the budget during these trying times. Closed sessions are scheduled for Monday and Wednesday of next week so that the Council may continue to work on the proposals.
